Janey Way Memories:

Returning Home

By MARTY RELLES

When I separated from the U.S. Army in Germany during 1971, I opted to stay in Europe to travel. So, together with my buddy, Sergeant Jeff Lucas, I bought a car and headed south. Over the next three months, we traveled to Austria, Yugoslavia and Italy. We toured Salzburg, Vienna, Venice, Florence and Rome.

However, in July, Jeff told me that he had to return home to begin interviewing for teaching jobs in the fall. So, we drove back to Germany and sold our car. Then, Jeff headed home and I boarded a train bound for Barcelona, Spain.

There, I met up with three Australian blokes we had encountered in Italy. They were going to Pamplona, Spain for the running of the bulls, and when they offered a ride, I accepted. Off we went to Pamplona, then to San Sebastian, and ultimately to the party capital of Europe, Tormolinos. We stayed there on the south coast of Spain partying with the European summer tourists for weeks. Then, in September, my money began to run out. I had to return to Germany to get my military hop back to the U.S.A. So, I grabbed my backpack and sleeping bag and headed off.

I took a bus and then a train to the French boarder, then hitch-hiked through France to Belgium, where I met my new friend Guy Muzzi. After staying with Guy about a week, I traveled to Rhine-Main Airbase in Frankfurt Germany where I arranged a military flight back to the states.

I ended up at an Airbase in New Jersey, where I signed my final military document, a form releasing me back to civilian life. At last, I was a free man. From there, I took a bus to Allentown, Pennsylvania to visit my good friend and travel partner, Jeff Lucas.

Unfortunately, Jeff was not at home. However, his kind mother allowed me to stay over and wait for him. That worked out, because Jeff returned home a day later. He was sursign saying, "California or bust." Then I waved prised and happy to see his travel buddy. We at all the cars going by. A lot of them went by, renewed acquaintances for a few days, then I was off again, this time I headed for Detroit, Michigan. Detroit is right across the river tle strange. He wore a black leather jackfrom Windsor, Ontario, where my new girlfriend, Judy Caverzan lived.

I hitched a ride with a trucker, and made it in one day. There, I walked across a bridge to Canada and found Judy's home. No one answered the door, so I waited on the porch. Soon a car pulled up and Judy jumped out. Like Jeff in Allentown, Judy was flabbergasted to see me. But, I visited her for about a week and we had a great time touring Windsor and Detroit and gallivanting through the Canadian country side. Soon though, I had to get going. Judy offered to buy me a plane ticket home, but I refused. I was on a mission!

So she drove me over to the outskirts of Detroit and dropped me at a rest stop. I put a thumb out again and found a trucker headed for Laramie, Wyoming. We got there in one day, arriving at sunset. That proved a nerve racking experience. I had to spend the night under a freeway over-crossing. It was cold and kind of frightening. The people, who saw me, honked and yelled vulgar insults – this, to a military veteran.

Anyway, the next day, I put my thumb out again and got a ride from yet another trucker. This guy was going to Denver, Colorado. We never made it that far. We came to an interchange in Nebraska that went one way to Denver and the other way to Salt Lake City. I wanted Salt Lake, so I got off right on the freeway: not a good plan. Eventually, a Nebraska state trooper stopped and told me to get off the freeway. So, I hopped a fence and began to walk. Ultimately, I came to a bridge over a stream where I set out my back pack with a but soon a car stopped.

The guy driving the car looked a lit-

Bern:

Continued from page 3

may mean nothing to most Sacramentans today, there was a time when locals were well aware of details pertaining to Dorothy and her association with a real-life Hollywood mystery.

The year was 1932 and headlines of newspapers across the nation were announcing the latest daily news pertaining to the sudden death of the Germanborn Metro-Goldwyn-Mayer film producer Paul Bern. He died in his Hollywood mansion two months after marry-Harlow, and his remains were interred at the Inglewood Park Cemetery in Inglewood (Los Angeles County).

Also mentioned in the first part of this series was an article, which appeared in the Sept. 8, 1932 edition of The Sacramento Bee.

That Associated Press article noted that Paul had been

capital city were keeping a lookout for a floating body.

Meanwhile, faced with the possibility that Dorothy may have swum ashore and was still alive, and possibly involved in a suicide hoax, police also searched transportation systems and rooming houses.

Aiding in support of the then-theory that Dorothy committed suicide was the fact that \$38 was found in her purse that had been left in her stateroom.

Although a statewide police search for Dorothy was reinstated, that search would be short lived.

On Sept. 15, 1932, The Union ran the front page headline, "Dorothy Millette's body found in river."

The Lady of the Lake: Judy McClaver's journey to clean up McKinley Park pond activates the community by Monica Stark:

With pointed fingers and curious faces, McKinley Park visitors have taken to watch neighbor Judy McClaver row a paddle boat back and forth across and around the pond, filling up a large trash can with garbage, tree branches, tennis balls, fishing lines, hooks and even syringes. She and her friend, Rick, have also worked together to remove domestic birds, replant the island, fix the sprinklers, and prune the shrubs.

A local hero to the community, Judy has taken on a mission to educate the public and

city officials about the health of the water and the importance of feeding the waterfowl more than 30 birds in it at any one time. In this pond, at the worst time of year, migration time, Judy estimates the pond as being home to about 100 geese and 100 ducks, compared to now with about 20 geese and about 30 ducks. It's also home to about 75 turtles and Assessment Report, and a variety of fish.

"I knew the pond was dirty - that it had no care," Judy told the East Sacramento News on a warm Thursday afternoon, as she did her routine maintenance. Pointing toward the island that sits in the middle of the pond, she described the gravity of its spoilage.

"That whole island was in disrepair. The birds were getting hurt over there; they were being trapped because of the bamboo. They would trip over it. It's so thick when it grows, and the females would to get away, but they couldn't get out. And there were rats and Recreation Director Jim on the island. And there were Combs said in a phone inrotten eggs. It was definitely horrid over there," she said.

Though the pond is much cleaner now thanks to her on-

going work, she knows that her physical efforts aren't enough - that the water is disgustingly dirty.

I am the one that told the city how dirty this pond was a proper diet. The pond, mea- and about it's lack of mainsuring about an acre in size, tenance and management, she explained, should not have so that they finally commissioned an estimate to be done of four city ponds. This estimate proved what I had been telling them...this pond is a human health hazard," Judy said.

Sure enough, deemed as such, a Lake Management commissioned by the City of Sacramento identified dangerous levels of E. coli from the waters of McKinley Pond. And after much insistence from neighbors to repair and clean it out, the city has set aside \$225,000 in Park Impact Fees and Quimby funds, which was approved in June, parks staff will work with the community on the scope and design of the revamped pond. It's estimated the construction will be completed this year.

They'll drain it, erect a fence go into the bamboo when around it, but someone will they were chased by the males need to find homes for all the wildlife living there. As Parks terview, "You can't just clean these ponds every year. It's not

Matias Bombal's top five movies of the year (that he reviewed for VCN)

In order of greatness, Matias Bombal has selected tain Dr. Parker, radiantly played by Sharon Stone, the following films as the best in 2014: "The Immigrant,""Fading Gigolo,""Magic in the Moonlight,""I Origins," "Only Lovers Left Alive." He lists "Chef" 3. "Magic in the Moonlight": Woody Allen's "Magand "Kill the Messenger" as runners up.

1. "The Immigrant": Set in 1921, a Polish immigrant arrives to Ellis Island with her sister with hope for the future after the Great War, were she had witnessed her parents massacred by soldiers. On the ship, her sister became ill in the squalor of steerage and was separated from her by the immigration authorities to be confined in the hospital on the island. With her family gone, her bond with her sister is vital. Remarkable and strong Ewa, played by Oscar winning actress Marion Cotillard, must find a way

4."I Origins" stars handsome Michael Pitt as a molecular biologist, Dr. Ian Gray, who, with his lab partner to find her sister and not be deported herself. This movie has captured the Ellis Island experience vividly and is beautifully mounted. The music is lush the other well known orchestral pieces selected.

2. "Fading Gigolo": Set in the Chasidic neighborhood of New York City, John Turturro plays Fioravante, who in the opening scene is sadden to learn that his friend of many years, Murray, played by Woody Allen in a good acting role, is 5. From director Jim Jarmusch, "Only Lovers Left Alive", closing his bookshop. In order to help Murray is a modern vampire movie that folks might call off-beat. out, he's convinced to become a gigolo to enter-

and Murray's own dermatologist.

ic in the Moonlight" is the story of a popular English magician in 1928 acting as a mysterious man of the orient, Wei Ling Soo, played by Colin Firth, who has little tolerance for tricksters, mystics and séances. A fellow magician asks him to debunk a young lady, played by Emma Stone, who is holding séances in the south of France. In "Magic in the Moonlight", the real magic starts when you by your ticket, sit there in the dark and let it weave its smart period spell. Presto!

ular biologist, Dr. Ian Gray, who, with his lab partner Karen (played by Brit Marlin), uncovers a fascinating bit of biological evidence about human eyes and their individual patterns. This evidence might cause some and appropriate, never intrusive, but highly melod- big societal changes. I was captivated by this intelliic, both in Christopher Spelman's original music, and gent movie with excellent performances and subtle use of music. Michael Pitt's deliberate and clear delivery of the dialog, sensitive performance and natural ability as a screen actor offers great presence on the screen. The characters are engagingly developed and speak intelligent, believable, well-researched dialogue.

ry of two name dropping vampires of exquisite education that continue to survive in the modern world, yet in places of relative obscurity: Tangier, and the depressed and abandoned old neighborhoods of Detroit.

A Most Violent Year

The MPAA has rated this R

A24 offers "A Most Violent Year", a title that stands in contrast to the content of the story, but don't be misled, the impending freeing of potential violence to come lingers from the first shot to the last.

Set in 1981, screenwriter IC Chandor, who also directs, tells the story of an immigrant who tries to build his business in the most violent year in New York City history. You may think gangster or mobster, which often in the movies typical mob movie.

Not so, refreshingly, though there is the mob undercurrent. our protagonist is a non-Italian, Spanish speaker. What a new way to tell this type of story!
This man, Abel Morales, is

played by Oscar Isaac with an integrity and a non-violent ethic you just don't expect. His firm sells heating oil in the big metropolis. The Teamsters union supplies his truck drivers. Competing firms are stealing oil trucks from him, so between the theft of his shipments and the teamsters, he's got headaches to would be Italian, if this were a be sure. Yet, he remains driven and ethical in his own way.

Neighbors:

like your bathtub. We have to relocate the animals. It's a big undertaking."

Lady of the Lake attacked during 8 a.m. routine maintenance by Monica Stark: Judy McClaver, McKinley Park's very own Lady of the Lake, was attacked while picking up trash at 8 a.m. on Saturday, July 19. Assaulted from behind, a known felon ripped Judy's t-shirt, knocking her to the ground where she hit her head on the sidewalk. She got up, but he came at her again, so she hit him with her trash reacher, but he sent her to the ground again, hitting her tailbone.

"I was screaming for 9-11 the whole time and there were plenty of people around witnessing, yelling at him and calling 9-11," Judy told the East Sacramento News two days after the incident. At that time, she said she was doing "OK," that her headache had been resolved, but that her tailbone still had been very painful. She said X-rays did not show fracture, but that there were a few other bruises. "It's difficult to lay on my back with metal clips on back of my head, but I survived."

During the incident, people made a barrier between Judy and the man, while emergency medical technicians and police officers made their way to her aid. When the first officer arrived, he directed the man to sit and called him by name, "Obviously well known to the police, (I) later found out they get calls on him frequently," Judy said. "We could hear the guy refusing to cooperate with police commands and being threatened with a taser. The guy was one step short of going into the pond. I was hoping he would, but that would then mean the police would have to deal with the filthy pond water. Eventually five more police (officers) showed up."

Judy said she spent about six hours in the emergency room, "getting CTs, X-rays and waiting. I also got seven staples to a laceration on the back of my head." Described as "6 feet something, black with dreadlocks and always (wearing) dark clothing," Judy said she had seen her assailant in the park repeatedly for the last few weeks prior to the incident and described his odd behavior as follows: "the guy who attacked me -I never saw him never interact with people in the park, but he would make wide circles around (them)."

Janey Way Memories: My First Christmas Away from Home by Martin Relles: In September of 1969, I completed my military training at Fort Lewis, Washington, and then the U.S. Army issued me orders to serve in West Germany. In early October, I boarded a charter plane headed for Frankfurt, Germany. After three days in Frankfurt, I received orders to serve at the 510th Ordinance Battalion in the small German town of Gunzburg.

If the truth be told, I arrived in Gunzburg ill-prepared for the German climate. It didn't help that my army duffel bag, filled with most of my clothing, disappeared en-route. It eventually arrived, months later, but initially, I had minimal gear.

By mid-November, the first snow fell and it covered the ground until, April. You got used to it though. I soon began to enjoy it. Thanksgiving came and went and Christmas approached. I started to feel a little homesick then. However my first Christmas away from home turned out wonderfully.

Mom sent me a care-package in mid-December full of treats. We went out and bought a small tannenbaum (Christmas tree) for our room. We decorated it with ornaments purchased at a store in town. In town, they decorated the streets with red ribbons, greenery and ornaments. I bought small presents, and mailed them home.

On Christmas day, I attended services at the beautiful Gothic cathedral in town. That evening, the officers hosted Christmas dinner for the men in the dining hall. They came, in full military dress attire, accompanied by their wives. After a fine turkey dinner with all the trimmings, they distributed small presents to all of us. Christmas away from home wasn't so

Know your neighbors: Don Coan and Barbara Jodry by Monica Stark: Eighty-sevenyear-old Don Coan, an East Sacramento resident who was a human rights activist, according to The Sacramento Bee died Oct. 2 of prostate cancer. Don and Barbara spoke with the East Sacramento News in July to promote Solar Cookers International's solar cook-out, which was held in William Land Park and featured dozens of demonstrators from around the world. What follows is some information about Don and Barbara from the July interview.

"I enjoy using the sun for baking during the summer. It saves on gas and doesn't heat up the house." -Don Coan, East Sacramento resident, Solar Cookers International Order of Excellence (2009), SCI Volunteer of the Year (1989, 1993)

East Sacramento residents Don Coan and Barbara Jodry bought a nice, new stove in 2000, only to have used it maybe a dozen times since then. "We like to do the Thanksgiving turkey in it," laughs Barbara. "It's a running joke. We just really like to use our solar cooker," she said.

Living on 38th Street near F Street, the two helped spawn an annual "solarcue" down the street in Rick and Heidi Kantola's sunny front yard.

As solar cooking conventions started taking place around the world, Barbara and Don thought: "Why couldn't we do it in the neighborhood?" So they did, "solarcue" fashion. "It seemed like a lie to call it a solar barbecue, but they started calling it a 'barbaracue' because my name is Barbara. As you can tell, we have a sense of humor here. This was in the 90s, early in our efforts to boost publicity about solar cooking," Barbara said.

For several summers on a day near the solstice, Don and Barbara attracted quite a few passersby who saw the solarcue. "Barbara and I were just looking at the home movie that a friend of ours took of one those events. It was great to be reminded about

Discussing their involvement with worldwide conferences, Don said he and Barbara went to their first conference in 1992 in Rio de Janeiro. "This was a conference related to environmental issues. We had cookers there to show people how they worked."

Explaining further, Barbara said: "We went down there and took our solar cookers. We weren't with the high muckety-mucks discussing world environmental issues. We were demonstrating one small solution cooking using the sun versus fossil fuels and how the process is not endangering lives."

Local artist speaks about his passion for creating public works of art in capital city

By LANCE ARMSTRONG Lance@valcomnews.com

Editor's Note: This is the last article in a series about local artist Adan Romo.

Sacramento artist Adan Romo, whose notoriety in the art world continues to rise, has enjoyed many opportunities during his life, including studying sculpture in Italy, teaching at St. Francis High School and creating art in his midtown Sacramento studio.

After completing his studies in Italy, Adan returned to his position as a teacher at St. Francis High School.

In recalling that time of his life, Adan said, "I was the head of the digital arts department there (at St. Francis) and the great part of being there was I was able to both teach art and create many works of art for the campus as it grew and changed.

"So, that's been an exciting opportunity. I created a life-sized bronze sculpture of St. Francis, which is in front of the school, and then I was able to do a large, life-sized sculpture of St. Clare, who was one of his followers, with a medi-

tative garden and fountain on the center of campus. These are slightly larger than life-sized, probably about 7 feet tall."

Adan, who owns Romo Studios in midtown Sacramento with his father, Jesus Romo, also spoke about some of

ated a veterans' memorial there.

bust of Cesar Chavez for Cesar (E.) Chavez (Intermediate) School (at 7500 32nd St.). We donated our services for that project to help the school make that happen.

"We did one for Cristo Rey High School. And we did a work (at 5770) Freeport (Boulevard) at the Public Safety (Center) building, which has artwork that commemorates firefighters and police. And we did a similar project for the city of Phoenix celebrating their public safety workers, firefighters and police officers.

"For St. Francis High School, we created a living wall, which is something that was new for us. It has over

his other public art projects.

"I just did one for Jesuit High School," Adan said, "I did a garden and some sculpture elements. That was done last year and we've done work for Palm Desert. We cre-

"We just recently unveiled a bronze

wall of plants.

Romo Studios public art can also be found at Folsom Lake College and the North Highlands-Antelope Library.

Aiding in Adan's work, in both its size and ambience, is his aforementioned midtown studio, which is located inside a historic barn, which measures about 40 feet long by about 20 feet wide, and includes an old hay loft.

tours to Italy, explained how he created a very Italian feel to his studio.

"When I came back from Italy, the studio that I had been working for de-

600 succulent plants in it, a vertical cided to close down and they had an array of sculptures," Adan said. "They're plaster sculptures that they used. For over 200 years, this collection of sculptures had been there. So, when they closed down, I inquired what they were going to do with (the collection) and I was able to purchase a fair amount of them and have them crated up and have them brought back to (Sacramento).

"I didn't have a studio at the time, but Adan, who also leads organized art I brought them back here, and in the interim while they were coming over on a boat, I purchased my home and the old

REVERE COURT

MEMORY CARE

Dear Friends of Revere Court Memory Care,

We have come to the end of another fabulous year! Since the change of names from Primrose to Revere Court and ownership from Mr. John Wotring to Chancellor Health Care, with CEO Michel Augsburger at the helm, we have some very exciting things in store for the New Year. It brings us such joy to be involved in the lives of those with memory loss and their families. We thrive to make each moment matter and to support the needs of the caregivers. As we approach the New Year, I wanted to take this time to share with you some new additions to our Residential & Day Club Program. Beginning in January we will be introducing "Music in Memory", a program that is designed individually for our participants through the use of I-pods. We are also partnering up with Tiffany Paige who will bring her interactive ARTZ program to our community. Also, with the addition of our new bus, we will also get to visit Tiffany at the Crocker Art Museum, along with many other exciting outings! Most importantly, since partnering with U.C. Davis Mind Institute, we have been given access to the most recent and up to date research on Alzheimer's and other forms of memory loss, which has inspired a program that I can hardly wait to share with you and your loved one! If you have any questions or would like to tour our innovative Memory Care & Day Club, please do not hesitate to contact me at 916-392-3510. Thank you for your time, and warmest wishes for a safe and Happy New Year!

casey.s@chancellorhealthcare.com www.reverecourt.com

Sincerely, Casey Simon **Community Relations Director**

Artist:

barn in midtown Sacramento. I got the (barn) studio ready, so when (the sculptures) got here, I would have a place to house them. So, my studio is covered with these Italian sculptures.

"I often have workshops and classes and events in my studio, so it creates an inspiring space for the students that I teach there and the events that I host there. There's no other place like it in Sacramento, I assure you that. Everyone who comes back there is convinced that they're in Italy.

"(The sculptures) range in (size) from one that's 10 feet tall (to) 2 feet tall. They're all figurative works of art, different works of art – angels, busts. I have (a replica) of Rodin's 'The Thinker.' There are some that exist in the Paris cemetery and the Milan cemetery, but none others that you would probably recognize."

Adan explained that he is truly working in a field that he loves.

"Public art is my true love," Adan said."I love creating art for the public and working here in Sacramento. Creating artwork for Sacramento for the public here that speaks to Sacramento is really what I want write to the e-mail address, to be doing. Regardless of whether its in metal or in bronze or in

stone, my passion is creating ideas that are going to resonate with people and have them be able to call it their own artwork.

"I want people to say, That artwork belongs to us, or the whole community. So, that's when I feel the work is most successful when people kind of take it as their own. So, that's my whole kind of philosophy and approach to art.

"I've always envisioned creating public artwork for Sacramento. It's part of the reason I came back to Sacramento after my studies in Berkeley and studies in Italy. I always knew that Sacramento was a city with a lot of potential. It just has a lot going for it and to be able to be here in Sacramento at this particular time is very exciting. The city is growing. I live in midtown in Sacramento and there are so many projects happening from the arena to housing development. The city is really transforming itself with the railroad yards. I can't imagine myself any place else but here with the type of work that I want to do."

For additional information about Romo Studios public works of art, workshops or Adan-led trips to Italy, visit the website www.romostudios.com, aromo@romostudios.com or call 916-505-5753.

A variety Italian sculptures are on display in Adan Romo's studio

Janey Way Memories:

et and a cowboy hat. He had hair down to his shoulders and dark sun glasses. Surprisingly, he handed me the keys and said, "You drive." When I got in his mint green, souped up, Plymouth Roadrunner, he lowered his seat and pulled the cowboy hat over his eyes. I started the car and took off like a rocket.

We arrived at Salt Lake in late afof town. I disembarked there after thanking the guy for the ride, and looked like an industrial district. I down right over here."

looked north and saw stores, restaurants and motels. I went north. Soon, I found a motel I thought I could afford. So, I went in and booked a room for the night for the reasonable price of \$13. Then, er, a Volkswagen van pulled in to I grabbed the key and proceeded to my room which was clean and comfortable. I thought I had died and gone to heaven.

After showering and changing my clothes I went out to get some- waved me over. I was in luck; they thing to eat. I quickly found a café that looked inviting. After my ternoon and I pulled off at the edge cool reception in Wyoming and Nebraska, I wondered out loud, if they would refuse to serve me.

I will never forget how good that felt. I still hold the people of Utah in high esteem. Next day, I went back to where I stood the day before, and held out my sign. A few minutes latthe gas station on the corner and stopped. The driver went into the garage to get a part, and the passenger ran into the adjacent mini-mart. When they came back out, they were going to Chico, California.

Off, we went, through Utah, then Nevada and into Čalifornia. By night time we had arrived in Chico. There, the driver said he would took a minute to access my situa. No problem, the young waitress be visiting his parents in Sacramention. I looked south and saw what said, "Come on in partner, and sit to the next day, and invited me to spend the night.

Next morning, we drove the two hours to Sacramento and I had him drop me off at MacFarlane's Candy on Alhambra Blvd. Hopefully, my mom would be working that day. Thankfully, I saw her waiting on a customer as I entered the door.

She said, "Hold on sir, I will be with you in a minute." Then she did a double-take and ran around the counter to hug me saying, "I can't believe you're back." Later, she called dad who came to pick me up. When we arrived home, my younger brother John was waiting. It was like an old fashioned reunion.

I have never forgotten that day. I turned a page then, and began a new, adult life: yet another inspirational Janey Way memory.

Adan Romo:

Continued from page 11

to date, will be a series of Johnny Cash sculptures in Folsom.

During his interview with this publication, Adan spoke about his co-operation of an art business and his acquisition of the Johnny Cash-related back atmosphere. art project.

"I have my own company with my father (Jesus Romo)," Adan said. "It's called Romo Studios and we've been doing public artwork now for almost include) public artwork for churches or communities or schools or monuup (in 2013) for the (Cash project).

The city of Folsom put out a call to artists to create concepts for a new project they have there, which is to create a three-mile long trail near Folsom Prison that connects all their othcall that three-mile portion the Johnny Cash Trail.

"Then they wanted to select six different artists to create six different artworks along that trail to celebrate Johnny Cash.

The project will also feature a phone application created for the Johnny Cash Trail, which was opened with a ribbon cutting ceremony that was attended Johnny Cash's eldest daughter, a "pipe dream really" for about three Roseanne Cash, on Oct. 4.

It's show time! Tahoe Park pub theater to have debut movie next week by Monica Stark: A transformation of the Tahoe Food Market on 14th Avenue is complete. Just last March, the inside was a bit of a disaster area with wet plaster drying over large holes in the walls. There were bars on the windows.

he said his "stuff really doesn't compete (yet) with all of the amazing things" he can find. While he first

Upon arrival to 5440 14th Ave., Jackie Nadile, the visionary and business owner of the latest incarnation of the space, opened the doors on Friday, Sept. 26 to what she and her husband Alan Lee have named, Public House of their dad owning a candy store has Theater. Rows of old Del Paso Theatre chairs, obtained from Alan's boss, line the inside as red curtains border a off, they still get excited when he Bronx find a job as a dancer? large movie screen. Also in the seating area are a comfortable couch and the kind of recliners you just sink into.

Behind the seating area, in a separate room, is the bar, which features beer from West Sacramento microbrew, Bike Dog (whose owner, like Jackie, is a Tahoe Park resident.)

Whereas most movie theaters charge a lot for popcorn and soda pop to recoup the costs of proceeds lost from ticket sales to the movie compathe prices down. With regular menu items such as sandwiches, paninis and pizza, Public House Theater will also offer specials from time-to-time from local restaurants, including sushi

Ramen & Sushi House (2992 65th St., Ste. 288).

From opening day on, she plans on keeping the theater open for Monday Night Football games, as well as movie nights Friday and Saturday and Sunday matinee. Food and drink are served in a laid

Know your neighbor: The Candy man from East Sacramento by Monica Stark: (Editor's Note: This was published last April, just in time for Easter.) 20 years now. (The business's projects Chock-full of countless chocolate Easter bunnies and eggs, Andy's Candy Apothecary, located at 1012 9th St., ments. And so, the opportunity came is a pastel-colored paradise decorated with kid-tested baskets, as well as slightly more "grown up" baskets. Just two months ago, it was all about chocolate hearts wrapped in red. "We sold out of all of the chocolate!" East Sacramentan Andy Paul, the store's owner existing trails. And they chose to er, then said about the holiday made for sweeties. "I was floored by how much business we had. It was crazy, but it was a good problem to have."

The easy-go-lucky, but highly organized sweet tooth, has a high bar for quality candies. Winning last year's Sacramento Downtown Partnership foundation's "Calling All Dreamers" business competition Andy said owning a candy store has been a dream, years, though he's been passionate about candy all of his life.

Under the direction of what he calls "curated collection" concept, Andy decided that while he is an amateur cananything for the store, since it would complicate business operations. Plus, searches the local candy scene for the best products, he doesn't limit himself geographically.

A father of two daughters, ages 6 and 10, Andy said the girls' opinions out of school and pursue a career in changed since opening day, Dec. 13, 2013. Though the novelty has worn brings home samples.

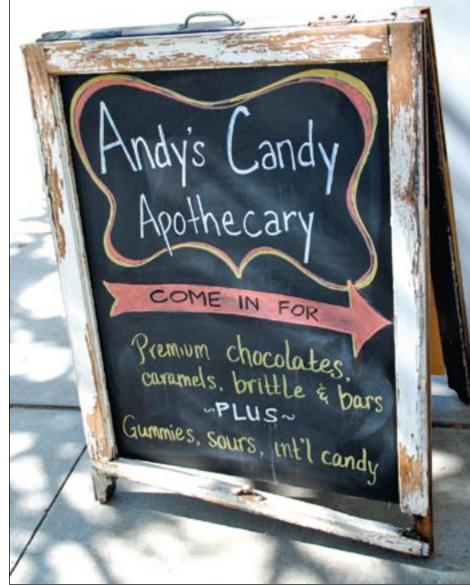

Janey Way Memories: The Last Father: The Last Father by Martin Relles: Last Friday night, my wife and I attended the Music Circus production of "A Chorus Line." We loved the show.

the production was the story of Paul, a airport after the evening show. That young, gay, Puerto Rican dancer trying night his parents surprised him by arto earn a part in the chorus line.

During his interview for the nies, Nadile said she's hoping to keep part, the choreographer asks Paul to tell his story.

Despite his reluctance to open up about his life, Paul breaks down and tells all.

As a boy he was different from all

Andy's Candy Apothecary downtown, which is owned by East Sacramentan Andy Paul, has had the "good problem" of being very busy.

He wanted to dance.

So, he taught himself to dance by watching Hollywood musicals. By the time he got into high school, his difference from other children caused trouble for him. They teased and bullied him. Eventually, he sought the help of a psychologist who told him he was perfectly normal and urged him to drop dance. So, he took the psychologist's advice and left school. But, it wasn't that easy for 16-year old boy from the

Ultimately, he got a job dancing in drag in a club on the lower east side of New York. His new occupation embarrassed him and he didn't dare to tell his parents. However, when the manager of the show decided to take it on the road to Chicago, Paul asked One of the most compelling stories in his parents to give him a ride to the riving early to pick him up, and when he walked by them in full costume, gaudy dress and all, they recognized him. This made him feel horrible, but he went on to finish the show.

After the show, he walked out the stage door and discovered his parents talking to the show mannight with sake and fare from Kansai the other boys. He didn't like sports ager. He saw his dad point a finger Way Memories.

dy maker, he refrains from making and really didn't want to rough it up. at the manager and say, "you take good care of my son."

At this point in the interview, Paul broke down and said tearfully, "that was the first time my dad ever called me his son."

This was a touching moment in the show and it brought back memories of my father. I remember him introducing me to his friends, saying proudly, "This is my son, Marty."

What made Paul's story even more meaningful to me is that just two days before seeing "A Chorus Line," I attended the funeral of one of the Janey Way fathers, Virgil Petrocchi. In fact, he was the last surviving Janey Way father.

His son Dan delivered the eulogy. It was a good story about a man who lived a good life, had a good sense of humor, gave sound advice to his children and cared deeply about all the children in the neighborhood. Virgil, like all the Janey Way fathers, played a special role in my life.

These men coached Little League, took the boys camping, set off fireworks on the 4th of July, and taught us how to live our lives with honor and dignity.

With Virgil's passing, all the Janey Way fathers have left us, but we will always remember them in our Janey

Best photos of the year

Sacramento Turn Verein (3349 J St.) celebrated German culture with live polka and rocktoberfest bands, including: Main Festhalle, The Gruber Family Band, Upstairs in the Festhalle, AKA LIVE at its 47th annual Oktoberfest held on Friday, Oct. 10 and Saturday, Oct. 11. In addition to the bands, there was traditional German folk dancing and a traditional German choir, a biergarten, Oktoberfest beer from Munich, wine and Kaffeehaus.

The East Sacramento Farmers' Market had a big draw opening day, on Saturday, May 17. The weekly market supports local vendors as well as vendors hailing from as far south as Salinas. The East Sacramento Farmers' Market is a year-round Saturday morning market at 35th Street and Park Way in McKinley Park. Market hours are 8 a.m. to 1 p.m. From pralines to flowers and produce, the farmers' market exemplifies some of the best around from various types of businesses.

hese folks from the Sacramento group. Handstand Nation, love being upside down. They are ready for you to join them as they flip their perspectives, have fun, and continue to learn empowering arm balances. Here, they are shown working out and having fun in the McKinley Rose Garden. With a simple mission – to help people lift their feet off the ground – this group has had drop-in "mini-sessions" at Bertha Henschel Park. For more information, call 698-7601 or visit http://TheHandstandNation.com.

Measuring about an acre in size, McKinley Pond, depending on the time of year, is home to about 100 geese and 100 ducks. It's also home to about 75 turtles and a variety of fish. This photo was taken in February last year

In tweed-inspired attire, bicyclists took to the streets of East Sacramento which began at the beautiful McKinley Park rose garden on Saturday, Nov. 5. The ride took the fun group through Midtown with a stop at the Ella McClatchy Library and at Camp Pollock north of the American River where they enjoyed a picnic lunch together

Photo by Stephen Crowley Holiday revelers got their bicycles tuned up, decorated and lit up for the Inaugural East Sac Light Up Bike Parade on Saturday, Dec. 13. Starting at Clubhouse 56, the group headed out to enjoy East Sac's holiday lights along M Street and the Fabulous Forties and a jolly time was had on that wintry evening.
