DID YOU KNOW THAT NON-COMPLIANCE WITH  
FEDERAL LAWS COULD COST YOU PERSONALLY,  
OR COST YOUR BUSINESS UP TO \$1,000,000 IN  
FINES AND UP TO 10 YEARS IN PRISON.

916.640.3820  
[citrus\\_info@yahoo.com](http://citrus_info@yahoo.com)

As a business owner, you know there are laws every business must follow. However, results of a recent survey by z/Telligence and Fellows Inc., (July 2005), showed only 13.1% of business owners recognize the term "FACTA." That could mean that nearly 87% of all business owners aren't aware that FACTA:

- Is federal legislation that went into effect June 2005
- Can shut your business down whether you have two or two thousand employees
- Can result in major fines to you and your business by the FTC for non-compliance
- Provides another avenue for lawyers to file lawsuits against your business on behalf of customers or employees

FACTA is only one piece of legislation that affects your business. There are others:

- HIPAA Security Rule
- Gramm, Leach, Bliley (GLB) Safeguard Rule
- Numerous individual state laws (such as the Texas Whistle Blower Statue)

We Can Help.

Our Affirmative Defense Response System™ (ADRS) can help your business at virtually no cost. To learn more, please make the call.

### **WHAT MY CLIENTS ARE SAYING**

After losing more than 30% of my 401(k), Ed helped me reposition it into an IRA that is protected from market declines. He explained it in simple terms I could understand and made the rollover easy for me.

- Lee Conrad, Elk Grove

Ed helped my wife and I understand the benefits of a Rollover IRA after I had changed jobs and my wife was laid off from hers. We weren't sure about the tax situation and Ed helped us complete the rollover without any tax consequence.

- Clint and Jenni Crow, Roseville

Last year I lost my job and had a 403(b) in my previous employer's plan. I lost about 40% in 2007 and 2008. I met with Ed and he helped me roll it over to an IRA that is no longer losing money and he helped me get back a portion of what I lost.

- Denise Torenson, Sacramento

**Have You Lost, Changed Jobs, or Retired? Maybe you just want to increase your returns on your bank CDs? You have several options and "I CAN HELP".**

**When you retire or change jobs you have options:**

- You can move your assets into an IRA
- You can take your distribution in cash (withdrawal penalties may apply)
- You can convert your current plan to a Roth IRA.
- You have several options to increase your returns without risk on your bank CDs.

**Simplifying your finances is an important part of a sound financial strategy.**

### **ROLLOVER IRA**

A Rollover IRA is often used by people who have lost, changed jobs, or retired and have assets in their IRA, 401(k), 403(b) or 457 plan. Qualified distributions from such plans can be rolled over directly into an IRA without incurring any tax penalties, remain tax-deferred, and can be positioned free of market risk.

A Rollover IRA can make it easier to allocate and monitor your retirement accounts.

### **ROTH IRA CONVERSION**

It is possible that no one has mentioned this Roth IRA conversion opportunity to you before. This is because prior to January 1, 2010 if your household income exceeded \$100,000, you were not allowed to do it. Thanks to the Tax Increase Prevention and Reconciliation Act of 2005, now you can.

**You may qualify to have your Roth IRA positioned FREE OF MARKET RISK.**
