Urgent Warning For Peripheral Neuropathy Sufferers...

What you don't know about your neuropathy, numbness, tingling, burning, sharp pains might surprise you

Too many neuropathy and nerve pain sufferers are needlessly suffering with debilitating pain, muscle weakness, loss of balance and more...

Sacramento, California – Americans suffering with numbness, burning, weakness & unexplained nerve pain are unfortunately member of a growing fraternity. Local Sacramento area neuropathy sufferers are no different. The saddest news of all is the fact that the number of diagnosed neuropathy patients climbs... the treatments TYPICALLY offered provides little hope. Even with treatment such as medications, home tens units, ointments, compression socks and exercise therapy, most patients worry about being left with a future riddled with pain, weakness, dysfunction and even disability.

Even if your medication levels are minimal & symptoms are "under control" it's understood and widely accepted that "neuropathy" and chronic pain syndromes are PROGRESSIVE conditions and it's essentially expected that without PROPER treatment sufferers can expect continued weakness, loss of feeling in their feet and hands, and even balance problems IN SPITE OF common conventional treatments.

New hope for neuropathy pain sufferers

Until recently it was thought that neuropathy patients even peripheral neuropathy from diabetes really had no alternatives to drugs, anxiety, frustration and deterioration. However this one

local doctor is sharing his "secrets" and offers some unique and exciting opportunities to these long time suffering patients.

Opportunities that involve all natural treatment protocols that help support individuals with numbness, tingling, burning, pins and needles pain and even weakness or balance problems in ways formerly thought impossible. The doctor is very quick to point out that while many of their patients find their pain, anxiety and frustration radically decreased or even eliminated! Their protocols are NOT a cure but instead tools patients can use to feel better, get stronger, pain-free and feel more energized.

"Bottom line is that we don't believe those diagnosed with neuropathy and chronic nerve pain syndromes should be a promise of misery, degeneration and debilitation." This was the sentiment of long time patient advocate Dr. Jag Sihota, DC. "Our Protocols are designed to help neuropathy patients get pain relief, improve nerve and muscle function, get back to being active and vibrant again. The good news is that when they get healthier they feel better, look better and are living the lives of quality and fun that they deserve to live...that's all that matters."

A completely FREE all-natural, non-drug, and non-surgical neuropathy opportunity!

Dr. Sihota, DC, has introduced his all natural neuropathy support protocol and it is meeting with RAVE reviews from dozens of members in the community. And as a reader of this article you can gain access to his exclusive evaluation and treatment qualification protocol for FREE!

To see if you qualify for the program you can get your FREE All-Natural Neuropathy Support Protocol Examination/Consultation valued at \$277 call (916) 993-5778 right now to reserve your appointment. As you can see this doctor is offering great hope for many numbness, tingling, weakness, burning, sharp pain sufferers, considering how many will read this article today, the fact is that they will need to limit the number of FREE consultations available to the FIRST 25 CALLERS so call (916) 993-5778 while you're thinking of it.

Your free opportunity to see if you can be helped by our non-surgical procedures and specialized treatment technology...

Most every neuropathy and severe nerve pain sufferer wants to feel better, look better, have more energy, save money avoid excessive medication & avoid becoming disabled and eliminate their pain. Dr. Jag Sihota, DC, and his staff at the Spine & Neuropathy Pain Treatment Center are working near capacity to accommodate all of the area neuropathy sufferers they've opened their doors to. The fact that they have opened their doors at ZERO cost for individuals to discover if they might be helped by these unique, natural and non-invasive treatment protocols is truly amazing and the appreciation from the community is obvious. Dr. Sihota, DC, reports that he can only authorize FREE ACCESS to the FIRST 25 CALLERS because of the overwhelming response he has been receiving, however by calling the Neuropathy Pain * Treatment Hotline you can STILL get in to see him at no cost...provided appointments are still available.

Call for your FREE consultation/evaluation (916) 993-5778

Thinking you might need a miracle? ... Ready to give up? ... Feel like YOUR condition and situation is 'Hopeless'? ... These patients did too...

"I am a commercial plumber and have been in this trade about 13 years. I injured my spine 5 to 6 years ago. I was required to have spinal surgery by my neurosurgeon. Since then, my ability to perform has been limited. I have been under chiropractic care since my surgery due to stiffness, minor aches, numbness and pain due to nerve damage.

Dr. Sihota, DC, asked me if I was interested in his decompression treatment. He said that I would have positive results to a degree. I spoke with my neurosurgeon about his treatment, and he said that I was a candidate. Lo and behold, I'm glad I decided to give this treatment a shot. I'm on my 9th treatment session, and I haven't felt like this since prior to injuring my back. I've been able to climb stairs, ladders, crawl in and out of ditches for piping installation.

Most of all, I get a good night's sleep and wake up without pain and stiffness. For anyone that has not had surgery, I highly recommend Decompression treatment. If you've had surgery, see if you qualify and if you do, act now! You won't regret it!"

—Gary T.

"I had been suffering from excruciating pain since 2007. Lots of medications and epidural injections, which had given me no relief. I read about this clinic through the Stockton Record newspaper. I decided to by my own advocate for my health, and met with Dr. Sihota, DC. When I got to this clinic, I was using a cane with my pain level at 10/10. After two weeks of my treatments, I had no use for my can anymore. I'm about 70% pain free and I've gained a lot of my mobility. My words of encouragement are not to get discouraged but to push through the challenge. It's worth it to get your quality of life back without medication, surgery and to be pain free. I feel the professionalism and courtesy of Dr. Sihota, DC, and his staff are part of the therapy and treatment in the clinic."

—Isa S,

When I first came here, I had about given up. I was in constant pain and found it hard just to do normal everyday tasks. I had surgery 9 months before and at the beginning had some small relief but it did not last. The medical doctor who performed the surgery did not want to treat me after the surgery. He told me there was nothing he could do. I felt hopeless and scared. I was taking strong medication just to get by on a daily basis.

I read about this on the clinic in the newspaper and decided that I had nothing to lose by coming in for a consultation. I was skeptical but knew I was running out of options. I started treatment in July and am not totally pain free, but I am 75% better. It is great being able to do things without pain I am excited about my future instead of wondering how much more pain I can take."

—Edwin G.

Your Team, Independent Associate

916.640.3820
citms_info@yahoo.com

As a business owner, you know there are laws every business must follow. However, results of a recent survey by z/Telligence and Fellows Inc., (July 2005), showed only 13.1% of business owners recognize the term "FACTA." That could mean that nearly 87% of all business owners aren't aware that FACTA:

- Is federal legislation that went into effect June 2005
- Can shut your business down whether you have two or two thousand employees
- Can result in major fines to you and your business by the FTC for non-compliance
- Provides another avenue for lawyers to file lawsuits against your business on behalf of customers or employees

FACTA is only one piece of legislation that affects your business. There are others:

- HIPAA Security Rule
- Gramm, Leach, Bliley (GLB) Safeguard Rule
- Numerous individual state laws (such as the Texas Whistle Blower Statue)

We Can Help.

Our Affirmative Defense Response System™ (ADRS) can help your business at virtually no cost. To learn more, please make the call.
