Another Successful Year For Sacramento Association of REALTORS® Masters Club

Even in a challenging Real Estate Market, 2008 was a successful year for the Sacramento Association of REALTORS® Masters Club. The Club recognized and congratulated 624 members for their professional achievement at its 2009 Awards luncheon held March 13 at the Hyatt Regency Hotel in Sacramento. This number represents the top 10% of all Sacramento Association of REALTORS® members. The purpose of the Masters Club is to support the Sacramento Association in providing programs and services that enhance the competency, professionalism and productivity of its members, and to recognize the achievements of the top REALTORS® who apply for membership and who have earned a requisite level of excellence in real estate sales. The Sacramento Masters Club is active in supporting community activities by donating monies and services to a wide range of local charities. Giving back to the communities that have contributed so much to the success of Club members is one of the primary goals of the Masters Club.

Proceeds from the annual Masters Club fundraisers, including a golf tournament and other club activities, benefited the following charities in 2008: Bishop Quinn Cottages, Breaking Barriers, Mustard Seed School, Sacramento Crisis Nursery, Stanford Settlement and Well Springs Women's Center. All told, the SAR Masters Club raised and donated over \$8,600.00 to these local charities in 2008. Masters Club members, in partnership with their clients and the community, anticipate another great year for the Sacramento County real estate business in 2009. Make your move to team up with the best in real estate, your Masters Club REALTOR®!

Congratulations to all the outstanding producers who achieved Masters Club membership during 2008!
